# Slough and Eton School

Slough and Eton School appointed Pinnacle Furniture to transform their previous art department into three new areas; a library, a resources area and a common room.

For individual studying and class-based learning, we provided purple and blue EN classic chairs along with IT benching. A Merlin operator chair, Euro workstation and pedestal was included at the back of the room so that the teacher can easily oversee the students. In the common room, we supplied a variety of circular Cosmo pouffes in a similar colour scheme as the furniture in the other two rooms. To create relaxed reading zones, we supplied a selection of circular Cosmo chairs in blue, purple and yellow fabrics.
