# Weydon School

Pinnacle Furniture were asked by Weydon School to provide a fit-out in their new art block. The FF&E package was with the school and architect. The project included a number of classrooms and practical art rooms.

The clients aim was to attract new students and inspire those who use the rooms. A calming colour scheme was requested, along with plenty of storage. The multi-use rooms would need furniture that was flexible yet robust, to accommodate the creative atmosphere. The art rooms featured a number of Trespa tables, including those that were DDA compliant. The art rooms all featured integrated TeacherWalls with blackboard and whiteboard doors. A run of fitted benching was installed in each room with plan chests and sinks.
