Brampton Manor Academy

Brampton Manor Academy in East Ham, approached Pinnacle Furniture to reconfigure four washrooms into two larger washrooms for the students.

During the briefing process we provided the School with 3D visuals so that they could picture the finished spaces. Pinnacle redesigned the four existing washrooms to make two larger washrooms for the male and female students. We installed solid grade laminate cubicles, Corian wash troughs, sensor taps, glass splashbacks and bespoke mirrors. Our Design Team created tiled feature walls in contrasting colour schemes to add some flair.

Sensor taps

Porcelain tiled flooring

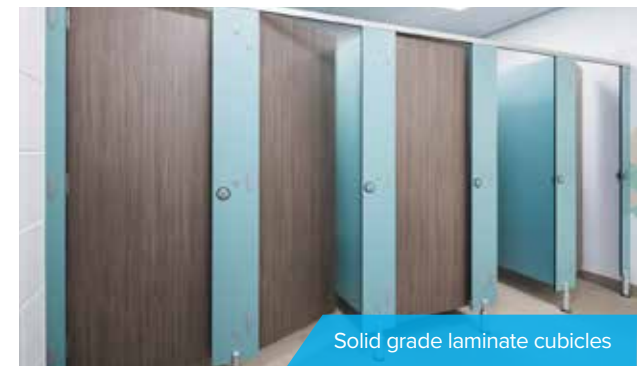

New LED lighting

Bespoke tiled feature wall

Corian wash trough and painted glass splashback

Solid grade laminate cubicles
