Linton Park School

Linton Park School in Maidstone, a flagship campus for OneSchool Global, appointed Pinnacle Furniture to refurbish a large area of the Primary phase building to create a self-directed learning space.

For the teacher-led areas, we installed colourful TeacherWalls with sliding dry wipe panels, TVs, pull-out laptop drawers and multiple storage elements. Pinnacle fitted track hung movable wall panel systems which had a mixture of dry wipe and pin board surfaces. Throughout the space, we fitted glass partitioning with manifestation and graphics along the walls to distinguish each area, and in the Brainstorm Room, we provided tiered seating upholstered in a bold turquoise fabric with built-in storage boxes.
