City of London Academy

Pinnacle were appointed to provide the FF&E consultancy, interior design and loose and fitted furniture services for the new build Sixth Form Centre. They needed a lively, welcoming and 'grown up' environment.

The new Sixth Form Centre, spanning over 3 floors, housed of a variety of areas including classrooms, breakout areas, a library, a café, the main reception and several staff offices. The client wanted to involve the students in the design process and hosted workshops with them to gather ideas. We provided grey, blue and purple Postura chairs in each classroom, along with our TeacherWalls which had the ability to house Smart Boards. Banquette seating was supplied in the corridors along with wood and concrete effect flooring.

TeacherWall with whiteboard doors

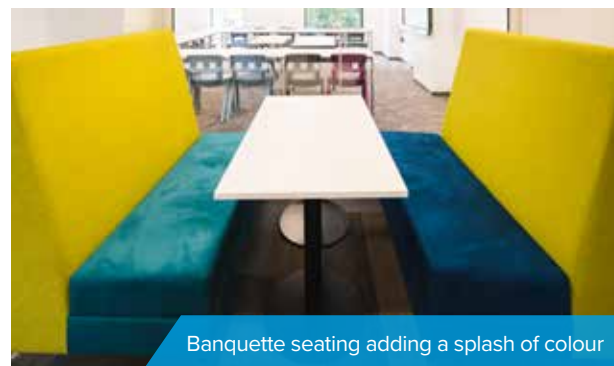

Breakout space in corridor

Acoustic booths for self-directed learning

Flexitables and Postura chairs

Banquette seating adding a splash of colour

Wood and concrete effect flooring
