St. Ignatius College

St. Ignatius College, nestled in the heart of Enfield, approached Pinnacle Furniture to design and furnish their new science laboratories, IT room and art room, including the supply of several of our TeacherWall systems.

In the science laboratories, we installed Capacity Storage units in vibrant colours along with white laboratory tables, and provided Postura high stools in various contrasting colours. Pinnacle used Postura Plus chairs in a vibrant blue to add a pop of colour in the IT room. Fitted benching for the computers was supplied along with some loose cupboards. In each room, we installed TeacherWalls and StorageWalls providing ample storage and to make the room as functional as possible for the teachers and students.
