University of Surrey

Pinnacle were selected by University of Surrey to redesign the interior of their Lecture Theatre Concourse into a fresh and vibrant social learning zone.

The Lecture Theatre Concourse is used as a thoroughfare for students moving across campus and as an events arena in the holiday period so it was important that we created a durable and practical design suitable for the space. We redesigned the flooring, lighting and plastered and redecorated the walls. For a streamlined design, we installed soft booth seating to provide privacy and comfort for short stay working.

Bespoke soft seating

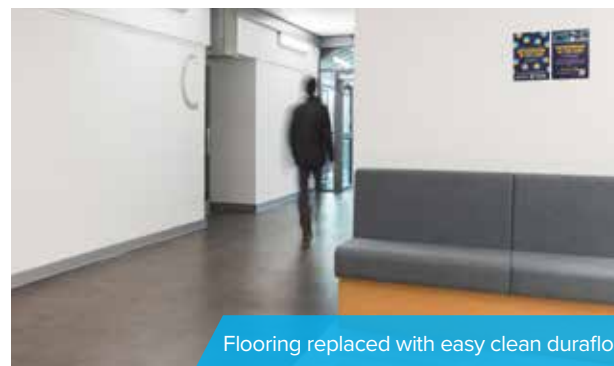

Booth seating with tables

Open plan design for easy accessibility

Popular study space next to library

Flooring replaced with easy clean duraflor

Colour scheme coordinates with University colours
