Weydon School

Pinnacle Furniture worked closely with Weydon School, and their architect, to create a contemporary 'college style' dining room for the school's new build block that met the school's functional requirements.

The dining hall project at Weydon School was part of a long-term phased refurbishment of the school to revitalise it and bring it up to date. Some of the key requirements of the dining hall were to seat over 300 students, to ensure an element of flexibility around the lower seating concourse and to maximise the light, spacious feel of the area. The Feast tables and benching, along with the Illustrate chairs provided high density seating and the pale grey and tranquil blue colours provide a sleek, mature atmosphere for the space.

Upper seating concourse

Feast tables and benching

Myriad tables offer flexibility

Lower seating concourse

Illustrate chairs in sky blue colour

Pale grey and tranquil blue colour scheme
