

DfE Furniture Framework

Lot 1 - Loose Furniture

Made in the UK

Min 10 year warranty

100% Recyclable

Department
for Education

The DfE furniture framework, launched in November 2020, helps schools, academy trusts and construction companies to achieve a fast route to market that is OJEU compliant, cost effective and with products that have been selected and endorsed by the DfE.

LOT 1: LOOSE FURNITURE - ITEMS: 1,7,13,27,33 CHAIR, SEAT AND BACK WITH 4 LEGS

PRODUCT
DATA

A new one-piece chair from the manufacturer of the EN series. It features a streamlined design for exceptional ergonomics, comfort and a modern look. Its slim line legs also offer pleasing aesthetics. This chair stacks 21 high within a height of 2m - a great space-saving feature.

Construction

This exciting new chair is made out of glass-filled polypropylene for greater strength and durability, yet is lighter than other materials.

Antistatic.

Dimensions

The following sizes are available:

Size 2 - Seat height 310mm

Size 3 - Seat height 350mm

Size 4 - Seat height 380mm

Size 5 - Seat height 430mm

Size 6 - Seat height 460mm

Finish

Available in a range of 9 finishes.

Optional seat pads available.

Operating & Maintenance Information

The EN One Chair Range is considered to be maintenance free, however the following should be observed during the products lifetime:

Where cleaning of the furniture is required a mild detergent solution should be used. The use of harsh abrasives, acids, alkalis or bleaching products is not recommended.

Following these procedures will ensure product longevity and ease of use.

LOT 1: LOOSE FURNITURE - ITEMS: 2,8,14,28,34

FABRIC COMPONENTS

Upholstered furniture needs regular cleaning. If snags appear, carefully cut off the loose ends with scissors or tuck back in. Upholstery can be lightly vacuumed or gently brushed to remove dirt and dust, do not use detergents. If you spill something on the upholstery, simply act quickly and mop up excess liquid with a clean white cloth.

BLACK POLYPROPYLENE PLASTIC COMPONENTS

Avoid contact with boiling water, high heat, or flame such as cigarettes, and abrasives. Wash in warm soapy water and apply pressure where necessary, drying afterwards with a clean cloth. Never use scouring powder to clean the product
