

Case Study: Cadbury College

Cadbury College is a specialist sixth form for 16-19-year-olds, the college offers an extensive range of over 40 advanced level subjects in a learning facility that has been constructed to meet the needs and aspirations of all its students.

Pinnacle designed and provided the furniture for the refurbishment of the East Block, including the Fab Lab, and science blocks. Our brief was to create a modern, state of the art space, tying in with the rest of the school and to facilitate the Schools' unique advanced programmes.
